Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Friday 10 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Saturday dull with rain. Clearing to showers later in northwest.

This Evening and Tonight:
Most places will be dry with clear periods. Also cold with a frost and light winds. Later tonight, thickening cloud, rain and freshening winds reaching West Coast with temperatures recovering.

Saturday:
Dry, bright start in east then wet, windy weather sweeping eastwards to all parts during morning. Rain heavier in west. Drier conditions following to many places during afternoon, winds easing.

Outlook for Sunday to Tuesday:
Dry, bright Sunday morning, then rain, strong winds later. Risk of storm force winds over northern Scotland Sunday night. Drier, brighter Monday, then rain, strong southwest winds Tuesday. Turning milder.
